

IT Project Progress Evaluation (2024 Semester 2)

The viva for progress evaluation is taken according to the schedules published.

It is compulsory for all the team members to attend the allocated session. All members should bring their own devices as the panel may request each member to make some changes to your components

All groups must prepare a video as follows:

- Each member's demonstration must be screen recorded and merged into one file. The main operations should be demonstrated using suitable data.
- It is necessary to demonstrate the functionality through the front end (do not show the code or the database)
- The total duration of the video should not exceed 16 minutes.
- The video has to be saved to your one drive and the link must be saved as a pdf and uploaded to courseweb before the scheduled session (at least the previous day). The uploaded file should indicate the ITP group number as the file name.

Please refer to assignment 2 for further details
